

Go-Jek

Started in 2015 in Indonesia as an on-demand motorcycle ride hailing and delivery service, GOJEK today has evolved into the leading ride-hailing, food delivery, and mobile payments platform in Southeast Asia. The GOJEK app provides more than 15 different on-demand services from ride-hailing to buying movie tickets and is the global pioneer of the on-demand superapp. The platform today provides for the livelihoods of more than 2 million driver partners and 500,000 merchant partners all across Southeast Asia.
